

**MARVEL**  
PRINT PACK SOLUTIONS

**THERMAL LAMINATION  
MACHINE - EL520 BN/P  
EL520 BR/P ( Rewinder)**

**No PCB Inside**

**Low  
Maintenance**

**Perforation**

**Conveyor Belt**

**Lamination & Foil Fusing**

## Description

- **Chromed Stainless steel roller with high efficiency heating and high pressure.**
- **Stepless Speed Adjustment Control**
- **Variable Temperature control dual functions for single and double side lamination**
- **Compact Structure**
- **Foot Panel Control**
- **Cold and Hot Lamination mode with one perforating blade**

## Other Specification

- **No PCB inside**
- **Conveyor Belt**
- **Can do Lamination & Foil Fusing**
- **Perforation**

## Product Parameters

|                      |                                          |
|----------------------|------------------------------------------|
| Model No             | EL520 BN / P - EL520 BR / P              |
| Lamination Width     | 520 mm                                   |
| Lamination Thickness | 80-400 gsm                               |
| Lamination Speed     | 0.2-6 m/min                              |
| Warm up Time         | 5 mins                                   |
| Number of Rollers    | 4                                        |
| Heating Method       | Hot Roller                               |
| Core Size            | Standard 3 inch                          |
| Power Supply         | AC220V/50Hz                              |
| Power                | Single 1.25 KW( 1 side )/2.2 KW (2 side) |
| Machine Weight       | 70 Kg                                    |
